Photography & Video Policy

Horsforth Hall Park CC ('The club') is keen to promote positive images of young people playing cricket and is not preventing the use of photographic or videoing equipment where it is done so properly.

Parents should not be prevented from taking pictures of, or filming, their children. These are normal family practices and help mark milestones in a child's life.

The introduction of proportionate controls on the use of photographic equipment (cameras, and videos, including mobile phones) is part of general safeguarding good practice.

- The children will be informed a person will be taking photographs.
- The children will be informed that if they have concerns they can report these to the coach or team manager.
- Concerns regarding inappropriate, or intrusive, photography should be reported to the Club Child Welfare Officer and will be recorded in the same manner as any other child protection concern.
- You will be asked for parent/guardian and young person's permission to use your child's image in the annual Junior Registration Form.
- If a young person is named in an article we will endeavour not to use their image in relation to that article. If a photograph is used we will endeavour not to name the young person.
- Wherever possible the image will be shown to the parents and child in advance.
- Children will be photographed in full cricket clothing (training or competition), to reduce the risk of inappropriate use, and to provide positive images of the children
- Club Coaches will be allowed to use video equipment as a legitimate coaching aid. This is part of the Coaching programme and we undertake that our coaches will exercise care in the storing of such films.

Policy reviewed April 2014.
